Introduction

Sabre Red Launchpad™ provides an efficient way for non-GDS experts to shop and book multi-source content, including air, hotel, and ground transportation options.

This user guide focuses on car content.

Powered by Google, Cars in Sabre Red Launchpad provides an easy-to-use, graphical search functionality that lets users find car rentals quickly.

Sabre Red Launchpad lets users compare car options easily and book with confidence. Choose a convenient location to anchor your search: be it an airport, city, railway station, or other landmark.

SEARCH RESULTS

The search response returns all car rental options matching the search criteria. Each rental location is displayed with lead price, while the remaining rates are grouped in the panel.

The screenshot shows the Sabre car rental search results page. At the top, a header bar displays 'CARS IN NYC - New York' and the search dates 'Wed, 12 Mar 2025 10:00 - Sat, 15 Mar 2025 17:00 (3 Days, 7 Hours)'. Below the header, a filter bar contains various dropdown menus for 'Price', 'Suppliers', 'Car Code', 'Class', 'Category', 'Options', and 'Fuel'. To the right of the filter bar are dropdowns for 'Currency: USD' and 'Sort: Default'. The main content area lists car rental options. The first option is from Budget, showing an 'Economy 4-5 Door (EDAR)' for 'USD 199.99' daily and 'USD 1049.10' total. The second option is from Avis, showing a 'Compact 2/4 Door (CCAR)' for 'USD 57.00' daily and 'USD 357.74' total. Below the Avis option, a 'More rates' section displays a grid of alternative car models and their prices. At the bottom, there are sections for 'Location hours', 'Extra charges', 'Car extras', and 'RATE RULES'. Numbered callouts 1 through 9 point to specific UI elements: 1 points to the header bar, 2 to the filter bar, 3 to the currency dropdown, 4 to the sort dropdown, 5 to the Avis car rental card, 6 to the 'More rates' section, 7 to the 'Car extras' section, 8 to the 'RATE RULES' section, and 9 to the 'ALL RATES' and 'SELECT RATE' buttons.

- 1 The header shows the chosen location and selected dates and can be changed easily.
- Click on the header to change the search criteria.

- 2 Use **Filters** to curate the search results.

BOOKING MODIFY

You can change the date and time of the reservation, or adjust additional details, via Trip Summary.

The screenshot displays the Sabre Trip Summary interface. At the top, the navigation bar includes 'Flights', 'Hotels', and 'Cars'. The main header shows 'RESERVATION SYXUMN' with an 'In progress' status and a 'CLOSE' button. Below this, reservation details for 'PAULINA TOKARCZYK' are shown, including a confirmation number '54324324324' and an approximate total price of 'USD 207.77'. A 'HOLD RESERVATION' button and a 'PURCHASE RESERVATION' button are visible. The 'Summary' section provides details for an 'Avis Rent A Car' reservation, including dates (Wed, Mar 12th to Sat, Mar 15th), car type ('Unlimited'), and rates. A table below the summary lists various charges and allowances. On the right, the 'Trip Summary' sidebar is open, showing a list of reservation items. A red circle '1' highlights the 'Trip Summary' header in the sidebar. A red circle '2' highlights the three dots menu next to the car booking item, which contains options to 'Change dates' and 'Modify details'. At the bottom right, there is a 'VIEW RESERVATION' button and links for 'Agency Admin' and 'Settings'.
